ULTRASOUND AX8

The AX8 ultrasound system is a high performance fully function system with substantial range of option including 4D imaging

At home in any demanding US imaging scenario, the image quality is outstanding - according to our medical users.

The large swivel screen is just one of the innovative features of the premium model.

As with all Eden systems it is good value and is a top seller in the US. ATX very happy to represent the Eden products in Australia and New Zealand.
