

# X-RAY EQUIPMENT

## MOBILE VET X-RAY SOLUTION

The mobile Chest X-Ray Solution has been designed for space saving and highly mobile deployment.

This solution allows larger anatomy to be exposed with 32kW of power assisted by capacitors.

This mobile unit can be wheeled from patient to patient allowing less movement and faster diagnosis.

### Whats included:

1 x Ultra-140V DR Panel + Acquisition computer [View here](#)

1 x IBIS Mobile x-ray unit with 32kW generator

Free initial assurance & technical support for 2 years.
